

## Make These instruments at Home!!!

### Trumpet

MATERIALS NEEDED: 3 foot of old water hose, and a plastic funnel

Take a piece of an old garden hose, and put a funnel in the end. You have to buzz your lips to make a noise on this thing!!!

### Tin Can Xylophone

MATERIALS NEEDED: Various sized tin cans, rubber bands, or duct tape to hold them all together!!! A pencil to play them with.

Collect a group of tin cans, and either put a big rubber band around them, or duct tape them together. Get a couple of pencils, and start banging away!!!

## Kazoo

MATERIALS NEEDED: Toilet paper roll •Wax paper •Scissors •Rubber band  
•Paint, your choice of color(s) •Paint brush

First, paint your toilet paper roll any way you want! Then, cut a circle from a piece of wax paper, any where from 5" to 6" in diameter.

Once your paint has dried, wrap the wax paper around one end of the toilet paper roll and Put a rubber band around it. **Start humming!**

## Musical Spoons!

Find a pair of old kitchen spoons, and tape them together at the end of their handles. Hold them as shown, and play them seated, tapping them against your knee!
